Expanding presence in Kepong. Mah Sing Group (Mah Sing) announced that its wholly-owned subsidiary had entered into a joint venture agreement with Liberty Triangle Sdn Bhd ("landowner") for the proposed joint venture to undertake a development of two pieces of land in Kepong measuring approximately 4.88 acres for a total consideration of RM85.3m. The land has direct frontage along the Kepong Metropolitan Lake. Meanwhile, the JV consideration includes landowner's entitlement of RM70m and fixed guaranteed return of RM15.3m.

Fourth land deal in 2023. The land deal marks the fourth land banking exercise of Mah Sing in 2023. Note that Mah Sing acquired land in Puchong, Johor and Semenyih in 1HCY23. The latest land deal in Kepong allows Mah Sing to expand its presence in Kepong where it has strong footprint in Kepong. Development on the land, to be named M Zenya would be Mah Sing's forth property development in Kepong after Lakeville Residence, M Luna and M Nova. M Luna which is under construction is less than 1km away from M Zenya. Land price of RM401psf for the latest land deal in Kepong is close to the land price of RM398psf for M Luna land back in 2019.

New addition to M-Series affordable home. The proposed development on the Kepong land, M Zenya, is a mixed residential development which includes serviced apartments and commercial units. Indicative built-ups is from 718sf to 1,067sf while indicative starting price is affordable from RM420k. Total estimated GDV for M Zenya is RM500m and that translates into land cost to GDV of 17%. The land cost to GDV ratio is similar to Mah Sing's recent land deals which are below 20%. The land acquisition is in line with Mah Sing's strategy of quick turnaround as registration of interest is expected to be in 2HCY23.

Net gearing remains commendable. Mah Sing intends to fund the proposed joint venture through a combination of internally generated funds and bank borrowings. Payment terms for the proposed joint venture is deferred and staggered with 8% deposit upon the execution of the JV agreement, 62% within 3 months from the JV agreement date, 12% within 18 months from the JV agreement date and balance 18% upon completion of the project. Despite a series of land banking recently, net gearing of Mah Sing is expected to remain below 0.3x due to cash flow from the delivery of ongoing projects.

Maintain BUY with an unchanged TP of RM0.78. We make no changes to our earnings forecast for FY23F/24F/25F as earnings contribution is expected to be limited in the near-term. Our **TP** is unchanged at **RM0.78** after factoring in contribution from M Zenya as RNAV contribution from M Zenya is minimal. Our **TP** is based on unchanged 65% discount to RNAV. We remain positive on Mah Sing as we think that the active land acquisition of Mah Sing would continue to support new property sales growth and earnings visibility in the near-term. Besides, dividend yield is also attractive at 5.5%.
